Monday 29th June 2020

Dear Year 2 Parents

I hope you are well and managing to stay positive amongst all of the changes. We are thinking about you lots and have a few updates that we hope you will find useful.

The Y2 parent's presentation is now available for you to watch via our school website. [Click here](#). This is on our new dedicated page on our school website where we will now post all updates and communication. Any questions following this, please contact the school office.

Your child's transition pack

To support your child on 'Moving up' morning (7th July), there are transition packs available for each child. It includes resources, a welcome letter and a list of transition activities for the following two weeks which we'd like your child to participate in. For those children attending Buryfields, you will be completing the activities in school with your Y2 teacher. For all of the children not in school (or at Buryfields), please either post their finished work to us or keep hold of it and ask your child to bring it in with them in September.

If your child is currently attending school at Buryfields, their pack has been sent to Buryfields. They will complete the activities on Tuesday 7th July and bring the remaining resources and letters home with them that day. They will complete the transition activities in school and bring home their work at the end of term.

If your child is not currently attending school, please can parents pick up their transition pack from Mayhill school office. Any not picked up by Friday 3rd July (or for families whose children are not at Buryfields) these will be posted.

Transition Video

Also available on our website is a video created by the children at Mayhill showing the school grounds, inside and out. Please don't show them this until transition morning!

If your child does not use Seesaw for their learning

The video of the class teachers introducing themselves will also be available on the Y2 webpage from 7th July so we would be grateful if you could help them to access this. If they cannot use Seesaw to feedback to their teachers, you are welcome to email their work directly to us at adminoffice@mayhill.hants.sch.uk
